

## **Declaration of Conformity in accordance with the EU Conflict Minerals Regulation EU/2017/821 and the US Conflict Minerals Act Dodd-Frank Act: Section 1502**

We

**apra-norm Elektromechanik GmbH  
Bei der untersten Mühle 5  
D-54552 Mehren**

confirm compliance with due diligence obligations in the supply chain and conformity with the US conflict minerals law „Dodd-Frank Act.: Section 1502“ as well as the EU conflict minerals regulation EU/2017/821 for the 3TG minerals tin, tantalum, tungsten and gold.

All of our products are compliant with the current version of the international RMI Conflict Minerals Reporting Template (CMRT) and the reference list of certified smelters for the 3TG minerals, tin, tantalum, tungsten and gold contained therein.

By consulting with our suppliers, we can ensure that these 3TG conflict minerals come exclusively from the certified sources on the RMI CMRT reference list.

apra-norm does not purchase any of the 3TG minerals tin, tantalum, tungsten or gold directly from smelters.

With best regards

**Mehren, 3rd of April 2025**
